## WHAT IS THE EMOTION & BODY CODE?

The Healing Code Solution uses the Emotion and Body Code to remove trapped energy causing you emotional or physical pain. It is a simple yet powerful healing modality that allows your practitioner to speak to your own subconscious by detecting slight changes in your electro-magnetic field using muscle testing (Applied Kinesiology) to navigate charts that cover all imbalances within the body. With precision, we find and identify trapped emotions and energy that distort your natural energy field and lower your vibrational frequency. This causes emotional imbalances, negative subconscious beliefs and physical pain.

Everything that is wrong with your life is just an energetic imbalance

## Did you know that you may have a Heart Wall?

A heart wall is a wall that is created by our subconscious to protect our hearts. It is literally a wall around the heart, made up of emotional energy from past painful events. The heart wall's intention is to protect our heart from extreme emotional pain, or to prevent it from breaking. Our subconscious made it with good intentions. The problem is over time, this wall prevents love going out and coming in too. Numbness, inability to have empathy and other sabotaging behaviour will prevent you from feeling happiness. Ask us today if you have a heart wall and if your subconclous is tandy to remove it.

If you dont make the time for your wellness, you'll be forced to make time for your illness
