# Ultimate Weather Protection

**HEAVY DUTY**  
**INTERLOCK**  
Zipless Blind System

Quality Alpha Motor & Remote  
+ WIFI app available

## Interlock Blinds allow you to enjoy Australia's outdoor lifestyle, even in challenging weather conditions.

If your house is prone to high winds, you will love the Interlock Heavy Duty Zipless Track Blind. One of the strongest of its kind on the market.

Interlocks strength and durability is achieved using an exclusive zipless panel anchor, which is only available through Aussie Outdoor.

Using only Australian made structural strength aluminium, Interlocks side channels and pelmet covers protect all working components from the elements and prevent any blow outs.

Interlock Outdoor blinds feature a stylish streamlined design, they are the perfect solution to protect your outdoor area from the elements so you can enjoy the Australian outdoor lifestyle all year round.

## Features:

- Available in Aussie Endurance Shade Fabric or U-PVC
- Heavy duty streamlined and stylish
- Australian made structural aluminium
- Protect from heat/sun/glare, flies, mosquitoes, wind & rain
- Available in a range of colours
- Easy to operate and maintain
- UV Stable
- Operation Options:  
Spring or Motorised with Remote

*Strong, durable and stylish.*  
A true long term investment for your home.

# Privacy From The Outside, Clear View From The Inside!

**Window Blinds reduce the heat and glare in your room and offer much needed privacy. They are an excellent solution to keep your house cooler during the warmer months, making your home a true sanctuary.**

Easy to operate and maintain our range of window blinds provide an elegant look and are suitable for most window sizes.

Don't spend a fortune on air-conditioning, install outdoor window shades instead and enjoy the natural benefit of cooler interiors.

Having blinds fitted to the outside of your windows will achieve passive cooling. This is a great way to reduce your energy cost, especially during the hotter months.

*Cool in summer, warm in winter.*

Save energy – reduce power expenses.

## Features

- Full range of Aussie Endurance Shade Fabric colours
- Heavy duty streamlined and stylish
- Protection from heat/sun/glare
- Range of colours
- Easy to operate and maintain
- Motorised (Thermashade only) or manually operated

Proudly Australian owned and operated
