Balustrades & Julietts

Our Wrought Iron products are hot-dipped, galvanized, oven baked, and zinc sprayed.

We care about the design of your home. Visit our showroom to discuss plans, designs and details with us to best suit your home.

We ensure the best quality wrought iron is used throughout all our products.

We ensure that attention to detail is given. Our team of installers with over 10 years of experience provide accuracy with all our jobs.

All clients are regularly informed throughout the process from initial enquiry to Install.

Front Entrance Doors

Being the focal point of your property, The front entrance door captivates the entire sense of your home.

Entrance Doors come inclusive of the frame, handles, Locks, flyscreens, and operable glass.

"The doors we open and close each day decide the lives we live"
- Flora Whittemore

Gates & Fencing

All products from Unique Wrought Iron are manufactured using 16mm x 16mm solid wrought iron, hand forged and designed.
