

NATURAL COSMETICS

100% Edible Plant-based Colour

LAPIXO Pty Ltd is a natural cosmetics manufacturing company located in Perth, Western Australia. It was founded with a vision to provide natural and clean cosmetics, formulated for Beauty & Health.

LAPIXO manufactures unique natural moisturising lipsticks and lip tints with 100% edible plant-based colour and antioxidant-rich superfood ingredients. All ingredients are 100% edible.

Unlike almost all other lipsticks and lip tints, our products do not contain any minerals (iron oxide, titanium dioxide, mica, etc.), carmine (red dye extracted from cochineal insects) or synthetic pigments, CI, FD&C, D&C for colouring.

Our natural moisturising lipsticks and lip tints provide beautiful vibrant colours with natural matte finish, light-weight feel and natural fruity aroma.
