specifications

Model	Seauto Crab
Warranty (Machine)	1 year
Warranty (Battery)	1 year
Waterproof Level	IP68
Certifications	CE / RoHS / UL / FCC
Power of Charger	170.82W
Input	100-240 VAC, 50/60 Hz
Charging Time	2.5 hours
Working Time (per charge)	≥1.5 hours
Battery & Capacity	7800 mAh
Applicable Pool Size	Up to 150 m ²
Water Depth Supported	0.5-5 m
Filter Density	250um, for regular cleaning

180W POWERFUL SUCTION The top cordless above-ground pool vacuums feature three motors, delivering 180W suction power and filtering 300 liters per minute. They efficiently remove debris, sand, dirt, and leaves. The system requires at least 45 centimeters of water above it for optimal operation.

LONG RUNTIME The SEAUTO battery-powered pool bottom cleaner offers an extended runtime, allowing for comprehensive cleaning of both above-ground and in-ground pools. The rechargeable battery achieves a full charge in just 2.5 hours, ensuring rapid and efficient operation.

VERSATILE CLEANING SETTINGS The Crab offers a range of versatile cleaning modes designed to thoroughly clean swimming pool floors, walls, waterlines, and stairs. As a cordless cleaner, the Crab ensures a hassle-free experience with its automatic operation, providing hands-free and convenient cleaning.
