Takes care of itself

The traditional look of weatherboard is timeless but it's what you can't see that makes the real difference; the thick protective skin co-extruded onto a lightweight aerated structural core prevents blistering, splits and cracks.

- › Low maintenance
- › Ideal for multi-storey homes
- › No more scraping, sanding, staining or painting

Refer to the maintenance guide on our website for further details. www.palliside.co.nz

Traditional weatherboard

The complete system

PALLISIDE® prefinished system is a durable engineered alternative to timber weatherboards. Colour is engineered right through the protective skin providing long-lasting great looks and defence against NZ's harsh UV rays.

The range of PALLISIDE® accessories include new Boxed Corners and Window Facings, which have been designed to fit perfectly with PALLISIDE® weatherboards, creating a weathertight, protective cladding system for your home.

Profile & Colour Range

With a versatile range of colours and profiles you can be sure PALLISIDE® weatherboards will complement and enhance any home.

PROFILES

Traditional

Clean lines and the enduring bevel-back weatherboard shape make this style a Kiwi favourite.

Rusticated Smooth

Straight lines and concave curves make this a stylish alternative to traditional weatherboard.

Rusticated Woodgrain

Rusticated profile with embossed woodgrain texture for a more rustic appearance.

COLOURS

Slate	White	Riverstone
Tea	Calico*	Sandstone*

*Made to order - lead times apply.
