## What makes Elite Gutter Guards different?

We supply and install Gutter Guards to residential and commercial properties on tile and tin roofs. Using only the best materials installed by skilled personnel who are fully insured.

All our products match the Colorbond colour range to complement your roof and gutters.

Our gutter guard follows the natural roof line to the gutter preventing any build-up of leaf debris.

**ELITE**  
**GUTTER GUARDS**

## Why you need Elite Gutter Guards

Some people say gutter guards don't work... Sometimes they are right.

Which is why at Elite gutter guards we don't use plastic, **stick anything down** or use the guards that sit inside the gutters including the toilet brush ones.

Instead, we looked at what doesn't work to help us design what does.

Which is why we can offer the best product, that works in Perth.

When we provide you with a quote, it only has 1 price on it which includes everything, so there are no hidden extra's.

We offer a written 20 year Warranty as all our gutter guards have been designed for our roofs and climate.

## Elite Gutter Guards will help...

Stop water damage caused by blocked gutters.

Reduce fire risk.

Collect clean rainwater.

Keep vermin out.

Prevent ladder falls
