# Welcome to Tiny Homes Perth

At Tiny Homes Perth, we pride ourselves on providing a bespoke service. The quality management and personal service is our reputation. Through the understanding of your needs, we design and build you a tiny home that compliments your lifestyle, through the choice of material types and design aspects while you watch your inspirations be brought to life.

We offer various stages of construction, a simple trailer to get you on the way, while a lock up version allows you to complete the internals, although most builds are completed perfectly ready for you to move into your new Tiny Home.

Simon Joiner  
Owner/ Principal

## What Tiny Homes Perth can offer?

- Tiny Home on wheels
- Tiny Home on wheels to lock up stage, allowing you to complete the internals
- Completed steel Tiny Home trailer

## The Tiny Homes Perth Difference:

- Individual design service
- Weekly updates (images and timelapse videos)
- Fixed price contract \*Managed quality of construction, Tiny Homes Perth manufactures the trailer/ chassis, wall and roof frames in house.

## Peace of mind:

Tiny Homes Perth is a registered Dealer under the Motor Trade Act 1973. Ask about our warranties (pending building type, warranties shall vary)

Whether you are considering affordable living, to simply down size, create the perfect getaway retreat or to invest and use as an Airbnb, Tiny Homes Perth offers you “*small homes BIG ideas*”
