

Eighty8 Interior Designs

About Us

With over 13 years experience, Eighty8 is designed to take the stress and guess work out of styling your home whether it be to sell or to live. We can start from scratch, or we can work with your current furniture, lighting and decor, while adding the finishing touches to revamp your home, ready for you to enjoy or to hit the market to get the most value for your property.

With demand for high quality styling and service growing ever stronger, Eighty8 offers an exclusive range of local, handmade cushions & lampshades as well as unique decor to suite our eclectic clientele and their homes.

We work with all ranges of budgets, whether it be 1-2 rooms or a whole home.

Call us today about your design project and get the most out of your investment

"We can't thank Candice enough for guiding us through the many choices to be made, for us to finally have our dream home. She had some wonderful ideas and suggestions that brought the final design alive and in line with our vision.

We would never have had the confidence to make some of the bolder choices that we made, but we trusted Candice and it most certainly paid off. We would recommend Candice in a heartbeat, to anyone who wants to turn their vision into reality.
