The Australian made icons, Alroh and Mey cylinders mowers have been around for 70 years.

These high quality domestic and commercial cylinder mowers are now available on the east coast supplied by oldtime parts.
Starting from \$2800

This high pressure washer has enough power to get the tough jobs done, but won't break the bank. An amazing pressure washer at a brilliant price.

When you need some power when the mains is down, the PB3300EB has the answer with 2.8kw of steady state power. Enough to run a house or small business and keep you up and running when the lights go out.

This Electric Start Petrol Engine features a compact design and has the power and torque needed for larger machines in farming and industry. With a full commercial construction including cast iron cylinder liners, this is a rugged engine built to take on the hardest jobs year after year.
