MODULAR OUTDOOR KITCHENS

Made in Australia, built to last

- Designed and manufactured in Sydney by a family owned and operated business, backed with personal expert support.
- Built to rigorous standards in materials, craftsmanship and service, quality is the foundation of everything we do.
- Mix and match modules, choose from 3 panel colours and select your porcelain stone benchtops from 2 styles.
- A traditionally designed outdoor kitchen can take months, our customised modules can be at your place in a few weeks.
- We deliver everything you need to assemble your set up, with interactive set-by-step instructions.

MODULES

High quality, weather-resistant modules

Our weather-resistant marine-grade aluminum furniture is lightweight, durable, and corrosion-resistant, perfect for coastal areas and easy to maintain. Choose from three Dulux Protecture Powder coating colors and two stain-resistant porcelain stone benchtops, that withstand up to 500 degrees. Spotted gum Australian hardwood, with its unique grain and color variations, offers natural durability, resisting decay and pests, and requires minimal maintenance.

Why us?

01.

—We offer top-tier outdoor kitchen modules. Our products are designed and made in Australia to withstand harsh weather conditions, ensuring lasting beauty and functionality.

02.

—Our advanced 3D configurator simplifies the planning process, allowing you to design and visualize projects with ease. Use our augmented reality feature to make sure it fits in your space and make live adjustments.

03.

—Fast delivery and easy installation. We deliver everything you need to assemble your set up. Get a mate over in the afternoon and you'll be cooking up a feast for dinner!
