Escape Your Mortgage.
Achieve Financial Freedom.

*No one is more enslaved
than the one who falsely
believes is free.*

OUR CEO

Mario Pizarro
Founder & CEO

As the founder and CEO of Landmark Investments Australia, Mario brings over 30 years of experience in the investment and real estate industries. With his innovative mindset and passion for helping clients achieve their financial goals, he has assisted thousands of clients in reaching their objectives, by helping people see themselves in the light of possibility.

We become what we think about most of the time.

Mission Statement

Dare to be different and rise above the ordinary.

Refuse to be mediocre as the path taken by the majority is congested and uninspiring.

Adopt a leadership mindset, one that questions the status quo and rises above the clamour of the general populace.

Search for answers, set new benchmarks, lead others by example, and forge your own path by being the one that does it.

Teach your children with your actions to strive for greatness and excellence rather than accepting the ordinary. Encourage them not to accept less, to think for themselves, and to develop an innovative and creative mindset, to follow their dreams.

Cultivate a generation of leaders who are not afraid to stand up and rise above the pack, who are not afraid to be unique, and who are dedicated to changing themselves and the world for the better.

Become a student to learn and a leader, rise and motivate others to do the same.

If you want more from life, you have to become more in life.

Who We Are

Our team is composed of experts who have the knowledge and experience necessary to develop personalised solutions that meet the unique needs of our clients. We believe that there is no one-size-fits-all solution, which is why we take a tailored approach to each of our client's situations.

At Landmark Investments Australia, we are committed to providing our clients with the strategy and understanding, the tools they need to achieve financial independence and build a brighter future for themselves and their families and work together to achieve that future.

Your life does not get better by chance, it gets better by change.
-Jim Rohn

Make A Change

The first step of our proven and guided investment program means understanding debt and taxes. This understanding helps our clients to:

1. Pay off their home loans in 5 – 7 years instead of 30 years
2. Save at least 30% of the money lost to taxes
3. Retire in 10 years with a portfolio of 5 to 10 properties

At this point in time,

- 40% of our income ends up in the hands of the tax office disguised under different names.
- 30% is going to banks to pay off and live in one home
- 25% is used in living expenses to maintain ourselves
- Only 5% of our entire income is available to be saved for retirement

In these times of uncertainty about our income, job security, our possessions, and our freedoms, we are faced with the reality that life is, was and always will be opportunity mixed with difficulty.

Once we can embrace this understanding, we have the wisdom and understanding that places us at the starting point to make the best we can of the opportunity we have right now.

*In life, we can choose to be distracted or create great things,
but we cannot do both at the same time.*

Services

Our Mortgage Escape Strategy Provides For A Plan

That can help pay off the home loan in around 5- years, reduce taxes by approx. 30%, and retire with 5 properties in 10 years.

*The only limits to our realisation of tomorrow are the limitations
we impose on ourselves today*

We cannot build a family on our own

We cannot build a community on our own

We cannot build a country on our own

But nothing is impossible if we work together
