GREEN & SUSTAINABLE

Products pass through fewer hands than those made and distributed by larger companies, creating a smaller footprint.

Reducing your carbon footprint and supporting eco – friendly local artisans is good for the environment and therefore good for everyone.

SUPPORTIVE

In purchasing these products, you are supporting something bigger. You support the income of a person living their dream- a community, a family, a real person and not a corporate brand. Each sale makes a difference in their lives and keeps their traditions and crafts alive.

QUALITY & UNIQUE

One-of-a-kind products are crafted in an environment of passion, honour and respect. No two pieces are identical, each piece is unique, making gemstones mysteriously and powerfully fascinating. Artisans are extremely proud of the work they produce, perfecting a technique, pouring their passion into what they make, spending hours, days or weeks designing and creating each piece. Every masterpiece an artisan creates has it's very own story.

MADE WITH SKILL

From handwoven wrap bracelets requiring intricate sewing, beading and threading to the attention to detail found in our mala knotted necklaces or semi-precious gemstone stack bracelets the unique skills of our artisans is ever-present in our products. Handcrafted gemstone pendants and precious metal adorned bangles, rings, earrings come together to form a collection of traditional, contemporary and bohemian gold plating designs found no where else.

Let us be your source for inspired jewellery. Embark on a journey of our one-of-a-kind gemstones, new trends, new collections. Create an account, subscribe to our eNews updates and be eligible for discounted prices.
