Welcome to barrier reef pools

Australia's Largest Swimming Pool Company

The Barrier Reef story began some 35 years ago when Mike and Patty Crooks were buying and installing fibreglass pool shells in Tropical North Queensland. They saw a need in the market for a quality fibreglass shell that could handle anything that was thrown at it. They envisioned a quality pool shell that could withstand the impacts of long road deliveries, be easy to install and be able to endure the elements over time.

So as Mike and Patty do best, they seized the opportunity that arose and started manufacturing their own high quality fibreglass pool shell. Over a short period of time word spread and the demand for these shells grew to a point that Barrier Reef Pools had to relocate and they developed their own state of the art manufacturing facility in Beaudesert QLD.

Over the years the business has grown to be the largest manufacturer of quality in ground fibreglass swimming pools in Australia. We have a dealer network which

covers all states of Australia and also export worldwide. We have recently been awarded the prestigious Australian Standards 5 Tick Product Certification. We are one of only two fibreglass pool manufacturers to be awarded this. The success of Barrier Reef Pools all comes down to the fact that we build the best fibreglass pool on the market today.

In our manufacturing plant nothing has been spared in establishing our state of the art facility. Our production sheds are climate controlled so that our swimming pools are manufactured at a set temperature to allow for optimal performance of the raw fibreglass materials.

We have our own transport fleet that allows us to control the transportation requirements of our swimming pools. From start of production to the final delivery site, Barrier Reef Pools demands quality and that is what we give our customers.

5.2m	2.8m	1.78m	1.27m
4.2m	2.8m	1.65m	1.27m

Venice

The Venice possesses the 'must have' modern contemporary design suitable for today's in-style homes.

The main feature of this pool is the grand entry which encompasses wide entry steps and generous seating without encroaching on the swimming area. The seating can be complemented with optional spa jets.

The luxurious Venice is the benchmark for the basic rectangle pool shape; available in an array of sizes with additional specification available we're sure you'll love it.

Available Sizes:

LENGTH	WIDTH	DEEP END	SHALLOW END
10.5m	4.4m	1.98m	1.14m
9.5m	4.4m	1.93m	1.18m
8.5m	4.4m	1.90m	1.22m
7.6m	4.4m	1.86m	1.26m

Venice Slimline

The Venice Slimline has been created for properties with narrow settings or for those that simply don't want the backyard dominated by a pool.

The Venice Slimline's generous central entry point is both a huge swimout bench which also incorporates the step down into the shallow end of the pool.

This clever design leaves the entire precious swim area of the pool free for swimming and safe for children.

With square corners which allows 90 degree paving, child safety ledge and great water depth the Venice Slimline is a truly fantastic swimming pool.

Available Sizes:

LENGTH	WIDTH	DEEP END	SHALLOW END
7.2m	3.45m	1.86m	1.24m
6.2m	3.45m	1.76m	1.24m

Billabong

Some things in life will never date and the Billabong is one of them. With four square corners, this rectangle pool is full of class & style. With dual entry steps located at both sides of the shallow end this pool can be conveniently placed in just about any area.

A major feature of the Billabong is the massive swim area inside the pool, with the seating area being located at the shallow end this allows for a totally free swimming area for the majority of the pool. This is great for kids who love to jump in and play around in the deeper areas of the pool.

Landscaping around this pool is best kept simple to compliment the stylish design.

Available Sizes:

LENGTH	WIDTH	DEEP END	SHALLOW END
10.5m	3.8m	1.95m	1.11m
9.5m	3.8m	1.86m	1.11m
8.5m	3.8m	1.79m	1.11m
7.5m	3.8m	1.71m	1.11m

Billabong Slimline

Square, deep, stylish but simple, this concrete style pool has it all.

Specifically devised for today's modern style homes, the Billabong Slimline offers the perfect solution for homes with restricted space and those without.

Providing generous swimming length and great depth to maximise your swimming area whilst providing enough swim outs to truly entertain.

Designed with dual benches the Billabong can be versatile on its placement close to boundaries and buildings.

Available Sizes:

LENGTH	WIDTH	DEEP END	SHALLOW END
7.2m	2.8m	1.81m	1.24m
6.2m	2.8m	1.72m	1.24m

Brooklyn

A stunning one piece configuration that has been designed with the whole family in mind.

The entry point steps down into a versatile platform that is ideal as a kids play area or water lounge to sit and relax in.

Designed with a spillway the pool and spa can run simultaneously eliminating any additional power costs, alternatively they can be run independently.

The generous swimming area has been designed to be totally un-obstructed, which is ideal for swimming laps and active families.

There is no other pool that can offer all of these features.

With its square lines and designer looks we are sure your whole family will love it.

Available Sizes:

LENGTH	WIDTH	DEEP END	SHALLOW END
12.1m	4.4m	2.08m	1.34m

10.2m	3.5m	2.06m	1.07m

Lap pools

Suitable for formal settings and narrow applications, this pool has been designed to complement the contemporary style and compact living spaces of modern living whilst still allowing for great entertaining space around your pool area.

The step arrangement allows a flow on from your indoors directly down the entry and step area of the pool. The wide seating area can be fitted with optional spa jets for those times when you need to relax & unwind.

With a level depth of 1.35m, this pool offers great versatility of not only a great swimming pool, but also for water walking exercises and also an ideal games pool for more family fun.

LENGTH	WIDTH	LANE WIDTH	FLAT BOTTOM
8.3m	3.45m	2.6m	1.35m

LENGTH	WIDTH	LANE WIDTH	FLAT BOTTOM
12.2m	3.45m	2.6m	1.35m

Caprice

The Caprice Slimline is the perfect pool for those smaller backyards where getting a pool may not have been possible before.

Measuring 5.2m in length and 2.8m in width the Caprice offers an excellent swimming space for the whole family.

With a bench seat running down one side which also allows you to incorporate an open spa seat option for those times where you just want to cool off and relax.

The Caprice Slimline also has an entry point located at each end which allows you to be versatile on its placement in any area.

Available Sizes:

LENGTH	WIDTH	DEEP END	SHALLOW END
5.2m	2.8m	1.7m	1.2m
4.2m	2.8m	1.5m	1.1m

Plunge Slimline

Designed for those small areas where space is often restricted or for those who are just simply looking for a small plunge pool to cool off and relax in. Either way, the Billabong Plunge offers the perfect solution.

Designed with dual entry steps, this pool can be positioned in just about any area, the bench seating area has been incorporated length ways down the pool and across the entry area to facilitate the open spa jet option that suits this pool so well.

With a constant depth of 1.6m this Billabong Plunge pool still allows for those who want to jump in and have some real fun in the pool.

Available Sizes:

LENGTH	WIDTH	FLAT BOTTOM
4.2m	2.6m	1.6m
4.2m	1.6m	1.6m

Note: 4.2m x 1.6m has no side seat

Plunge

With houses becoming bigger and blocks getting smaller the Plunge Pool could be the perfect option for your backyard or courtyard area.

With square corners and a constant depth of 1.65m you could be forgiven for thinking this is a concrete courtyard or plunge pool design.

The swimming area is maximised due to the dual entry steps and compact bench seat incorporated across one end of the courtyard/plunge pool; making it very versatile with its placement in just about any setting.

Another great feature of the Plunge Pool is the small safety ledge incorporated into the vertical walls around the perimeter of the pool allowing parents to relax whilst the children are swimming.

This is the ultimate courtyard or plunge pool design!

Available Sizes:

LENGTH	WIDTH	FLAT BOTTOM
6.5m	3.45m	1.67m
5.5m	3.45m	1.67m
4.7m	3.45m	1.67m

Hamilton Spa Range

The Hamilton spa series has been designed to fit perfectly alongside your Barrier Reef Pool.

With square corners and identical lane widths as the Venice, Venice Slimline, Billabong, Billabong Slimline and Caprice pool ranges, the options are extensive and only limited to your imagination. Not only is the Hamilton Spa a great place to sit and relax away from the kids but it will transform the look of your pool area into a stunning retreat.

The Spa can run simultaneously with the pool, eliminating any additional power costs or alternatively they can be run independently.

DUAL ENTRY POINTS

Available Sizes:

LENGTH	WIDTH	FLAT BOTTOM
3.8m	1.6m	1m
2.8m	1.6m	1m

Swim Spa

The Swim Spa is the perfect balance for those who want the best of both worlds, swimming and relaxing.

With generous seating located on both sides of the entry this pool is ideally designed with spa options in mind. (e.g. spa jets, air bed, heating, swim jets)

With a deep end depth of 1.5m the Swim Spa has great depth for those who also want to jump in and have some real fun.

The Swim Spa will change your lifestyle & create the perfect relaxing area after a hard day.

Available Sizes:

LENGTH	WIDTH	DEEP END	SHALLOW END
5.2m	2.6m	1.5m	1.18m

Square Spa

The Square spa is the ultimate way to compliment any pool.

With the ability to sit up to nine adults comfortably seating room is extremely generous.

The Square spa is fitted standard with nine spa jets & also has the ability to be heated for minimal costs.

There is no better way to unwind after a hard day than relaxing in your very own spa.

Available with & without spill way option

What does the Australian Standards 5 Tick Certified Product mean to you?

Australian Standard
AS 1838: 2021
Lic: SMKB25323
SAI GLOBAL

Barrier Reef Pools set the benchmark around the World for best practices in Manufacturing the highest quality fibreglass pools. There is no better way to prove this than by obtaining the prestigious Australian standards five tick product Certification.

To gain this certification we had to apply to Sai Global who is the Australian Standard Approval Authority. Their approval process is extremely involved and they assessed all sections of our fibreglass pool manufacturing process and procedures.

All materials supplied are rigidly controlled to meet performance specifications. There are no exceptions. This applies to gelcoat, resins, glass reinforcing materials, additional fixtures and fittings. All these materials are Lloyds of London/ DNV approved products for the manufacture of fibreglass swimming pools.

The manufacturing process is monitored, documented, and recorded at every step, from the beginning process of preparing the mould, through to the full production, final detailing, inspection, storage, and transporting to the site. The operating conditions of the manufacturing facilities, such as temperature and humidity, are closely monitored and adjusted accordingly.

Once the pool is released from the mould, stringent and comprehensive testing is performed. The gelcoat finish and colour is visually inspected. The hardness of the surface is measured, as well as the wall thickness being checked at more than 25 positions around the pool. This is done by ultrasonic mechanic testing and recording. Every pool is weighed using an electronic digital scale to ensure the specified amount of material has been used during production stages to meet standards.

Every pool is embossed with our name as well as a unique 5 digit number which enables tracking and tracing of that pool easy for everyone to identify. Our master files record and document quality tests and results. We also keep and store a cut out of every pool shell manufactured in our Barrier Reef Pools library, making it easy for future reference.

World Class Pools Manufactured by World Leaders

Pool Construction - Seven Layers of Strength

LAYER 1 INTERIOR SURFACE FINISH

Advanced Pool Colour Technology gelcoat with an optional Lifetime Interior Surface Guarantee that is UV and chemical resistant using the best colour technology currently available.

LAYER 2 ANTI-CORROSION BARRIER

Highest quality Vinyl Ester resin layer, providing excellent bonding to Advanced Pool Colour Technology as well as superior chemical and water resistance for the highest protection.

LAYER 3 FIRST STRUCTURAL LAYER AND ADDITIONAL CHEMICAL RESISTANT LAYER

Additional layer of the highest quality Vinyl Ester resin combined with JUSHI E6-CR glass fibre to further increase corrosion resistance and strength to the laminate.

LAYER 4 SECOND STRUCTURAL LAYER

Consists of high quality Polyester resin and JUSHI E6-CR glass fibre with additional structural enhanced properties. No fillers used.

LAYER 5 REINFORCEMENT LAYER

Additional layer of high quality Polyester resin and JUSHI E6-CR glass fibre with additional structural enhanced properties added to the reinforcement structures on the pool shell. No fillers used.

LAYER 6 OUTER CORE LAMINATE

Klegecell/Divinycell sandwich core laminate is used on luxury yachts & F1 racing boats. Klegecell/Divinycell has been recognised as a world leader in high performance sandwich core strengthening.

LAYER 7 OUTER SEALER COAT

Glossy finish coat with a high quality waxed Polyester resin to protect the pool layers.

VINYL ESTER RESIN

is the highest quality resin available for swimming pools with excellent resistance to osmosis, heat, corrosion and water damage. Vinyl Ester resin is twice the price of alternative resin types. Barrier Reef Pools uses three layers of Vinyl Ester resin in the manufacturing of our pools, ensuring a longer lasting pool with increased strength and protection.

Benefits of Vinyl Ester Resin "Making your pool last longer"

- Higher resistance to water penetration and damage (Osmosis)
- Higher resistance to heat
- Higher resistance from corrosion • Improved strength properties

Note: Lifetime guarantee is subject to standard Barrier Reef Pools warranty terms and Australian Standards.

**ADVANCED
POOL COLOUR TECHNOLOGY**
OPTIONAL LIFETIME INTERIOR SURFACE GUARANTEE

New Generation high performance fibreglass

JUSHI E6-CR GLASS FIBRE

Is a High-performance environment-friendly glass fibre that replaces mainstream E glass fibre. JUSHI E6-CR is a new E-glass fibre with enhanced properties. It combines all the benefits of E-glass fibre with technical breakthroughs in strength, modulus, temperature resistance and acid corrosion resistance, thus meeting the requirements of the most demanding applications.

Compared with traditional E-glass fiber, JUSHI E6-CR offers the following unique benefits:

- Higher tensile strength
- Higher corrosion resistance
- Superior mechanical properties
- Higher temperature endurance
- Higher softening temperature
- Excellent environment durability
